

Community Backpack

The Community Backpack is a place where stakeholders can access information regarding community events. The Community Backpack is designed so non-profit community groups can post a flyer online. Posting flyers online provides stakeholders with quick access to information and saves paper. Please note flyers cannot be posted unless they are approved by the Office of the Superintendent and adhere to the following guidelines.

- 1) Flyers must be from non-profit groups
- 2) Flyers must have a direct link to parents, students, or the communities of Chicago Ridge and Oak Lawn
- 3) All flyers must be in a PDF form

Non-profit community groups who wish to post a flyer online should contact the Superintendent's Secretary (lbialczak@crsd1275.org). Flyers are typically posted for one month.
